○ Profile Summary

Creative Graphics Team Lead, Designer & Video Editor with a BS in Computer Arts and 5+ years of experience delivering high-impact visuals for digital and print marketing. Skilled in branding, animation, video editing, campaign design, and AI-powered creative tools, with proven success in leading creative teams and producing designs that enhance brand engagement. Recognized for optimizing work-flows and increasing process speed by over 40%. Adept at turning concepts into compelling visuals across health care, education, and marketing industries.

○ Professional Experience

Graphics Team Lead (Senior Graphics Designer)

Ad-tivity | Creative Agency | Mar 2023 – Present

- Lead a creative team of 5 designers and video editors, overseeing design production for digital and print campaigns.
- Handled HR-related responsibilities including quarterly KPI management, leave tracking, leave encashment, and performance assessments.
- Trained team members in design tools, AI tools, and research methods, improving quality and work flow efficiency.
- Designed animated ads, social media creatives, and interactive presentations that boosted engagement.
- Optimized work-flows, increasing overall work process speed by 40%.

Video Animator

Silver Ant Marketing | Feb 2023 – Apr 2023

- Produced animated videos with text motion graphics, music integration, and transitions aligned to client briefs.
- Enhanced storytelling impact, leading to improved audience retention on campaigns.

Video Editor

Topline Marketing | Nov 2021 – Feb 2023

- Edited promotional and advertising videos with advanced techniques, including creative cuts, dynamic motion graphics and text overlays, and precise audio syncing to maximize impact and message delivery.
- Collaborated closely with the marketing and creative teams to ensure all video assets adhered to brand guidelines and met project objectives and deadlines.
- Optimized video exports for different digital platforms, managing aspect ratios, file sizes, and compression settings to maintain high quality and performance.
- Managed and maintained an organized digital asset library, including the systematic saving of all raw footage and archiving of final project files onto a shared common server for easy team access and future use.
